

Internship certificate

Hirth Engines GmbH
Max-Eyth-Str. 10
71691 Freiberg a. N.
Germany

31st of August 2025

To whom it may concern

Mr. Youssef Mohammed Elrefaey, born on May 2, 2005, completed a mandatory internship at our company from March 3, to August 31, 2025, as part of his studies.

Hirth Engines is globally recognized for its innovative 2-stroke engines, offering unmatched engineering solutions and industry-leading performance.

The internship position gave Mr. Elrefaey the opportunity to gain an insight into an operational process and the work of a design and development employee. In particular, the trainee had the opportunity to acquire the practical professional knowledge in design and development.

During the internship, Mr. Elrefaey was entrusted with the following tasks:

- Creation of instructions for testing of engines based on the applicable environmental testing standard
- Design of parts for our test benches for adapting the engines
- Creation of drawings for the test bench parts
- Collaboration with production and purchasing

Mr. Elrefaey demonstrated quick comprehension and possesses extensive specialist knowledge acquired during his studies, which he applied in a targeted manner.

During his internship, he demonstrated his skills with self-motivation to learn new skills.

He carried out his tasks quickly and efficiently at all times and, always maintained an overview and acted calmly and deliberately.

His superiors and colleagues always appreciated him as a hard-working and friendly intern. His personal conduct was always impeccable.

Mr. Elrefaey is leaving our company after the expiry of the previously agreed period.

We wish him every success in his further professional and personal endeavors.

Torsten Windorfer
